Summary

Entry-level Software Developer skilled in Java, Spring Boot, and SQL for building secure, scalable applications. Experienced in designing RESTful APIs, managing data persistence, and debugging complex issues. Passionate about learning emerging technologies including cloud and AI integration.

Education

SavitriBai Phule Pune University

Grad. – April 2026

BE in Information Technology

- SGPA: 9.24/10
- **Coursework:** Object-Oriented Programming, Operating Systems, DSA, DBMS, CNS.

ASM's Geetmata Junior College

Grad. – March 2022

PCMB with Information Technology

- Percentage: 80.67

Shramajivi Primary and Secondary School

Grad. – March 2020

SSC

- Percentage: 91.20

Experience

Software Apprentice Trainee

Jul 2024 – Jan 2025

Test Yantra Software Solutions

- Applied academic knowledge to assist in developing and maintaining backend services using Java and Spring Boot.
- Gained hands-on experience with API testing, debugging, and version control using professional developer tools and participated in team meetings to learn about project goals and contribute to technical discussions.

Projects

FitTrack

- Built a fitness application using Spring Boot microservices with Spring Cloud and RabbitMQ for scalable service management.
- Designed and integrated a React-based responsive frontend that provides users with personalized dashboards, real-time progress tracking, and a seamless user experience across devices.

Transcripto AI

- Built a full-stack transcription platform using Spring Boot backend and React frontend, enabling users to securely upload audio files and manage transcriptions.
- Integrated OpenAI Whisper model via Spring AI to automatically process audio into accurate text, reducing manual effort and improving efficiency.

Skills

Languages: Java, C++, SQL, HTML, CSS, JavaScript.

Frameworks: Spring Boot, Spring AI, Hibernate.

Tools/Technologies: VSCode, Postman, SQL Plus, Eclipse, Git/Github.

Soft skills: Communication, Problem-Solving, Adaptability, Teamwork, Collaboration.

Achievements

- Solved 200+ DSA problems on leetcode and gfg.
- Received Letter of Appreciation for Academic Excellence from IT Department.
